No Show Policy:

This allows us to adjust final numbers with our host destination.

How to Prepare:

This is a Motorsport Event so safety must be paramount to all involved. You must bring a Helmet to participate. If you do not have a Helmet you should Buy/ Borrow/ Beg a friend to acquire one. It is a good time to invest in a helmet (an open face is acceptable for closed vehicle events) as you will be using this in most Motorsports Events with the Porsche Club UAE or any other time you drive at UAE racetracks or other circuit venues.

This is NOT a competition event. There will be NO racing. This is an opportunity to learn about your Porsche and your driving - a fantastic way to improve your driving skills. For those members with aspirations of competitive motorsport in the future this is the first step and a must.

You must follow the instructions given by Instructors and the event organisers.

The Club has no choice but to take unsafe behavior during such events very seriously and expects all members to comply with the rules of the day and take utmost care whilst taking part in the event. The Committee of the Club, the Yas Marina Circuit and any Track Officials reserve the right to expel any member from the event and/ or from the Club without posting specific reason.

For your own safety and the safety of others you must make sure your Porsche is in perfect road-going condition prior to the event.

1. Ensure your Porsche has a current valid UAE registration.
2. Come with a FULL TANK OF FUEL.
3. Please make sure your tyres are inflated to the pressure specified in your drivers manual (you must check this pressure when the tyres are cold, preferably on the day before the event). Have adequate tread on your tyres and make sure they are not more than 4 years old.
4. Make sure you do not have any loose items in the car.
5. It is very advisable to replace your brake fluid prior to this event. Even if your brake fluid is only a few months old, it will have picked up humidity that will turn to steam once you are on the circuit and you may lose all braking ability. It does not cost much to replace your brake fluid, and it will save you disappointment during the event. Have the brake fluid replaced by a qualified Porsche mechanic.

If you are in doubt please visit the Porsche workshop to give the car a full check-up prior to the event. Special care should be taken of seat belts, brakes, suspension, pedals and steering.

Driver Tips

For your safety and the safety of others, please make sure YOU are in perfect condition prior to the event.

1. Ensure you have suitable shoes. Covered sports or formal shoes are OK. Sandals, open-toed shoes or bare feet are NOT.
2. Wear comfortable clothes. Cotton is preferable. Avoid loose fitting clothing, including national dress.
3. Drivers must not be under the influence of alcohol, drugs or any medication that might impair judgment and co-ordination in any way.
4. **Bring a Helmet.** (The Club does not have helmets available for you)
